INDEX.

Subscribers are requested to preserve this Index, whether they have their papers bound or not. It will be found of great assistance in case of a reference being made, at any time, to articles which have appeared during the past six months.

A

Annual Review of the Paint Market.. 2
Annual Review of the Chemical Market. 34
Alum Industry of France.... 44
Artificial Diamonds.... 44
Archill Extract, Levying Duty upon... 144
Animal Tar.... 150
Aniline Red, Utilization of Residues Obtained in Manufacture of..... 160
A Handy Swindler.... 180
Australian Olive Oil.... 191
Ancient Methods of Filtration.... 210
Analysis of Turkey Red Oil.... 214
Ambergris.... 227
Ammonia from Atmospheric Air.... 255
Are We Importing too Heavily.... 271
Annual Review of the Whale Fishery 273
Annual Statement of Imports.... 303
Archill Cases, Settlement of the.... 303
Arsenic Acid.... 319
Ansbacher Color Works.... 401
Antonis Scholoraris.... 466
Ammonia, Preparation of Water free from.... 482
Albumen, Delicate Test for.... 508
An Aesthetic, A New.... 534
Alkaline Monopoly, The.... 559
Ammonia, Manufacture of.... 560
Artists' Colors, Past and Present... 562-593
Ammonia Sulphate, Is a Scarcity Probable.... 591
Ammonia, Keeping Salts of.... 594
Arsenic, Why it is a Poison.... 598
Acetic Acid, The Manufacture of.... 599
Aniline, A Contribution to the History of.... 625
Albumen, Preparation of Blood.... 625
Alcohol, The Denaturalization of.... 655
Alizarine Carmine.... 658
Automatic Regulator.... 671
American an English White Lead.... 687
Aniline Dyes.... 700
Arsenic, Singular Action of on Sugar. 735
A Step in the Right Direction.... 751
Acetate of Soda, The manufacture of. 753
Alum, Burnt.... 767
Annual Value of the World, Proximate 810

B

Bids for Light House Oil.... 8
Bichromate of Potash, The Duty on.31, 207
Belladonna Poisoning.... 103
Beeswax, Adulteration of.... 224
Bichromate of Potash in the Tariff.... 239
Borax, Decomposed.... 387
Borate in Cream Tartar.... 319
Bleaching by Hydro-carbons.... 319
Burmah, Petroleum and Wells of.... 402
Black Pigments.... 433
Bibliography of Paint and Varnish.... 471
Building Purchasing Agents.....560, 623
British Columbia, Drugs and Medicines in.... 575
Blood Albumen, Preparation of.... 625
Borax, Some New.... 630
Barytes Sulphate, The Position of.... 655
Bromine, The Production of the U. S.. 655
Bitter Almond, Volatile Oil of.... 657
Boracic Acid in Purulent Catarrhal Affection of the Eye.... 663
Benzoic Acid, Preparation of.... 671
Burnt Alum.... 767

C

Commercial Prospects for 1880.... 3
Cinchona Bark, Prices of.... 3
Chemical Industries of Milan, North Italy.... 17
Consolidation of Metallic Paint Interests.... 31
Chemical Market, Annual Review of.. 32
Chemical and Scientific Notes:
Method for the Accurate Analysis of Commercial Potash—Tests for Soda Ash and Bleaching Powder 36
Softening Process for Hard Water —Nitrification.... 64
Examination of Mineral Lubricating Oils—Report of M. de Luynes on the Pallet for the Assay of Oils.... 100
Coloring Matter of *Guaimis Anguria* and of the Tomato—Destruction of Vegetable Fibres, Mixed with Wool—Acid Rubin.... 129
Blue Flames in Coal Fires.... 192
Boracic Acid as a Preservative.... 479
Copal Varnish, Preparation of.... 40
California, The Drugs.... 62
Chemical, The Prospects for.... 87
Ceylon, The Drugs of.... 92
Cork and its Value.... 98
Cream Tartar, The Outlook on.... 100
Camphor, Dyes from.... 103
Custom House, Suppression of Information at the.... 115
Coal Fires, The Flames of.... 120
Chemistry, Progress of Industrial.... .....128, 146, 177, 331, 369
Chemicals, Manufacture of Heavy in the U. S.... 143
Cochineal.... 150
Consolidated Linseed Oil Co. of the West.... 175
Cottonseed Oil "Call".... 175
Commercial Value of Sulphuric Acid.. 191
Canabis Indica.... 195
Chemical Paint Suits.... 207
Carmine.... 220
Castor Oil.... 242
Congress and the Standard.... 246
Copperas, Falsification of.... 265
Cinchona Culture for the Pacific Coast 259
Cherry Juice, German.... 259
Cottonseed and Linseed Oil, Naphtha Process for Extracting.... 271
Cable Business, The New Rules for... 272
Counterfeit Brands, Security Against. 272
Coca.... 273
Cleveland Pipe Line, The.... 278
Copying Process.... 288
Cinchona Culture in Ceylon.... 291
Colors and Dyes used in Antiquity Compared with those in Modern Use.... 306, 370
Cream Tartar, Baryta in.... 319
Ceylon, Drugs and Spices of.... 323
Coal Tar Colors, History of.... 338
Cod Liver Oil.... 362
Cottonseed Oil Rules, Revising the... 367
Chrome Colors.... 369
Crystal or Flint Glass.... 371
Cottonseed Oil at the Produce Exchange, Exhibition of.... 374
Chilian Control of the Nitrate Trade.. 383
Crocus Martus.... 444
Cochineal, Trade in.... 448
Cottonseed Crushers' Convention.... 470
Cottonseed Crushers' Association, Proceedings of the Meeting of the.... 497
Canadian Petroleum Interests.... 500
Chemicals, the Decline in Heavy.... 527
Cottonseed Oil Matters at New Orleans and Elsewhere.... 534
Chloride of Methyl, Extraction of Perfumes by.... 525
Cottonseed Oil Mills, The New Orleans.... 566
Canada, New Petroleum Regulations in 591
Cocoanut Oil, The Position of.... 598
Cork Manufacturers Combination, Reviewing the.... 623
Congressional Relief from the Standard 623
Copperas, Utilization of Tin Scrap in the Manufacture of.... 663
Chrysophanic Acid, Caution Concerning.... 663
Cottonseed Oil, The Early History of. 695
Color-Makers' Meeting.... 595-720
Corks, How it Grows.... 700
Cream Tartar Factory Destroyed.... 703
Cinchona, A Visit to the Native Forests of South America.... 721
Carmeloine.... 732
Chian Turpentine.... 753
California Bay Tree, Etherial Oil of the 785
Chemists Disagree, How.... 799
Closing on Saturday.... 785
Compound, Rust-Preventing.... 799

Chemical and Scientific Notes.
German Regulations for the Denaturalization of Alcohol; Notes on the Chemical Manufactures of the South of France; Determination of Glycerine and Wines; The Alkaloids.... 786

Correspondence.
The Australian Exhibition.... 32
Chlorate of Potash as an Oxidizing Agent.... 60
Ruboide Vermilion—The Ansbacher Manufacturing Co.... 145
Ruboide Vermilion—The Consolidated Linseed Oil Co.... 177
The Consolidated Linseed Oil Co. Again.... 208
Can Plate Glass be Made in America? 240
The Mutilated Coin Nuisance.... 272
Business Enterprise in Saratoga.... 304
The New Process Oil Works.... 336
Elixir of Pepsin.... 368
The Saponification of Petroleum.... 432
Cost of New Process Linseed Oil—Some Queries and a Reply—Mr. Robbins Replies to His Critics.... 464
Quinine Protectionist.... 528
The Standard and the Producers—More Sanded Sponges.... 592
More Evidence Against the Sponge Frauds—Is this a Standard Trick? 624
The White Lead Market.... 656
Weights and Tares on White Lead.. 752
Chrome Iron and Bichromate of Potash—The Chrome Iron of California.... 784

PHARMACEUTICAL ITEMS:

Application of Chloroform in Testing Drugs; Artificial Wine 6
Alcohol in Chloroform and Chloral Hydrate; Detection of Phosphorus; To Preserve Ergot; Dialyzed Soap; Syrupus Glycyerhyzal; The Active Constituent of Insect Powder; Preparation of Litmus as an Indicator; Select Formulae; Gamboge; Test for Coloring Matter in Red Wine 34
Tincture of Quillaia as an Emulsifying Agent 82
Nicotin and Nicotinic Acid; The Polarimeter and its Use 89, 90
Vaseline Ointments; Liquid Extract of Ergot; Determination of the Proportion of Water in Alcohol 117
Formulae; Selected and Original; The Polarimeter and its Use 148
Elixirs; Citrate of Caffein as an Antidote for Opium Poisoning; Court Plaster; Analysis of Secret Remedies; Miscellaneous Formulae; Clearing Powder for Wines, Liquors, Vinegar, etc.; Transparent Glycerine Jelly; Quantitative Determination of Fats and Resins in Cements and Lubricants 180
Olives in California; Cinchona in Treating Inebriety; Physiological Effects of Artificial Vanilin; Remedy for Pimples; Cure for Chilblains; Artificial Balsam of Peru; Nitrate of Silver Stains; Extract of Malt for Consumption; Morphet's Preparation for the Hair; Chloride of Methyl for Extracting Essential Oils; Pyroxylin; Tooth Wash; Chlorodyne; Conversion of Rags and Hair into Manure 212
Effects of Artificial Suppression of Perspiration; Bromide of Etnyl as an Anaesthetic; Miscellaneous Formulas: (How to Detect Aniline Red in Wine; Florida Water); Impenetrable Leather; A Good Filter As Hydrocyanic Dil 242-243
Animal Rubber; Miscellaneous Formula: (Elixir; Licorice; Green Color for Sweetmeats; Remedy for Neuralgia); Poisons and their Antidotes; Deodorizing Iodoform; Carbolic Compound of Carbolic Acid; Arsenic in Grape Sugar 274
Preparation of Murcurial Ointment; Liquid Extract Licorice 306
Preparation of Mercurial Ointment; Friedrichshall Bitter Water; Castor Oil Sandwich; To Prevent Molding of Extracts; Linseed Oil Substitute; Essential Oil of Aloes; Sympathetic Inks; Vaseline 339
Formulae ... New Remedies 394
Lupuline ... Vaseline ... Piscidia ... Esthrina ... Coto Bark 403
To Stop a Violent Fit of Sneezing; Castor Oil Pills; Home Made Soda Water; Arbor Vitae; Emulsion of Codliver Oil and Phos;Colcium; Paregoric 435
Ostrich and other Pepsins; Permanganate of Potash as an Oxidizer. 483
Milk and Lime Water; On the Preparation of Chemicals; Formulae; Oxalate of Iron; Solubility of some Salts 515
Excin, a Color Extracted from P plar Wood; Detection of Copper in Olive Oil 520
Burns, Scalds, &c; Thymolin Soap; Explosive Combinations; Carbolic Acid; Hamburg Tea; Pepsin; Formulae 547
Adulteration of Oil of Cloves; To Distinguish Bitter Almonds from Nitro-Benzole; Bromide of Ethyl; Comparative Properties of Disinfectants 579
Antidote for Strychnia Poisoning; Formula for Elixir of Salicylate of Soda; A New Anthelmentic; Hydrophobia—Two Methods of its Treatment; Secret Formulae; Penthoram Sedoides 611
Senecio as a Remedy for Rheumatism; Sodium Acetate; Phosphorus; An Antiscorbutic in the Polar Seas; Daturine Identical with Hyosciamine; The Pharmacopoeial Convention 643
Antidote to Atropine; Compound Syrup of Hypophosphites; White Pinus Canadensis; On Repercolation. 675
Bathing in the Sea; Anda Brasiliensis; Chlorodyne; Improved Formula; The Era of Pads: Another Artificial India Rubber; Adulteration of Wines; Compound Solution of Hypophosphites; Delphinium Staphysagria; Reducing power of Oil of Cloves 707
A few Hints for Hot Weather; Some Uses for Charcoal 739
Cuticura Resolvent; New Cure for Malaria; Syrup of Ipecac 771
Formulae; Compound Camphor Powder; The Action of Mandrake; Delicate Test for Copper; Beeswax and its Adulterations; Formula; Aromatic Sulphuric Acid; Potter's Powder; Another New Test Paper; Following Officinal Formulae; Excipients for Pills 803

THE

Oil, Paint and Drug Reporter

Established 1871,

Has a larger circulation among manufacturers and jobbers of Oils, Paints and Drugs than all other commercial newspapers combined. Subscription price $4 per year.

The following unsolicited letter is a specimen of the written and spoken endorsements the paper receives:

Office of HARRIS & EWING,
WHOLESALE DRUGGISTS.

PITTSBURGH, PA., May 6th, 1880.

Oil, Paint ...

GENTLEMEN: ...st that we have had the pleasure of reading your very ably edited paper, and we can ... it is rapidly ... contains so much information of interest to us, that it is almost impossible for us to find time to ... anything ... hands of all dealers in Oils, Paints and Drugs.

Yours, HARRIS & EWING.
